YEAR BOOK**

## PRESIDENT'S REPORT

Welcome members to the first Scarborough Mercantile Cricket Club year book.

The 1991/92 season proved to be a highly successful one for the club.

The all conquering 4th side under the irrepressible captaincy of Gordon Dell provided the club with its first premiership. It was also a credit to the 1st and 2nd sides in reaching the grand final.

I extend my congratulations to all players for a great on field effort throughout the season.

On the administrative side, I thank the committee for their tremendous effort to ensure a successful year for the club.

A special thanks to Vince "Sundries" Del Prete for his work in keeping us all well nourished every Thursday night.

The committee for 1992/93 will consist of:

Dave Romano-Vice President  
Stan Strack-Secretary  
Graham Thompson-Treasurer  
Gordon Dell-Bar Manager  
Vince Del Prete-Assistant Bar Manager

and myself as President.

I welcome Dave Romano to the committee for the first time and also thank the outgoing Vice President Mike Papadopoff for his work on the committee in 1991/92.

As always, the committee will be working even harder to ensure your season both on and off the field will be as enjoyed as possible in 1992/93.

For the first time in the club's short history no fifth side will be nominated for the 1992/93 season. The financial and administrative problems created by having five sides has made it hard to manage. Also, the reduction in player strength made the task of fielding a fifth side difficult in the last two seasons.

With the fielding of only four sides in the 1992/93 season, it will hopefully create pressure on all players to perform at all levels as competition for places in each side intensifies.

The new Chairman of Selectors for the season will be Gerard Wood.

I also thank the club's major sponsors:

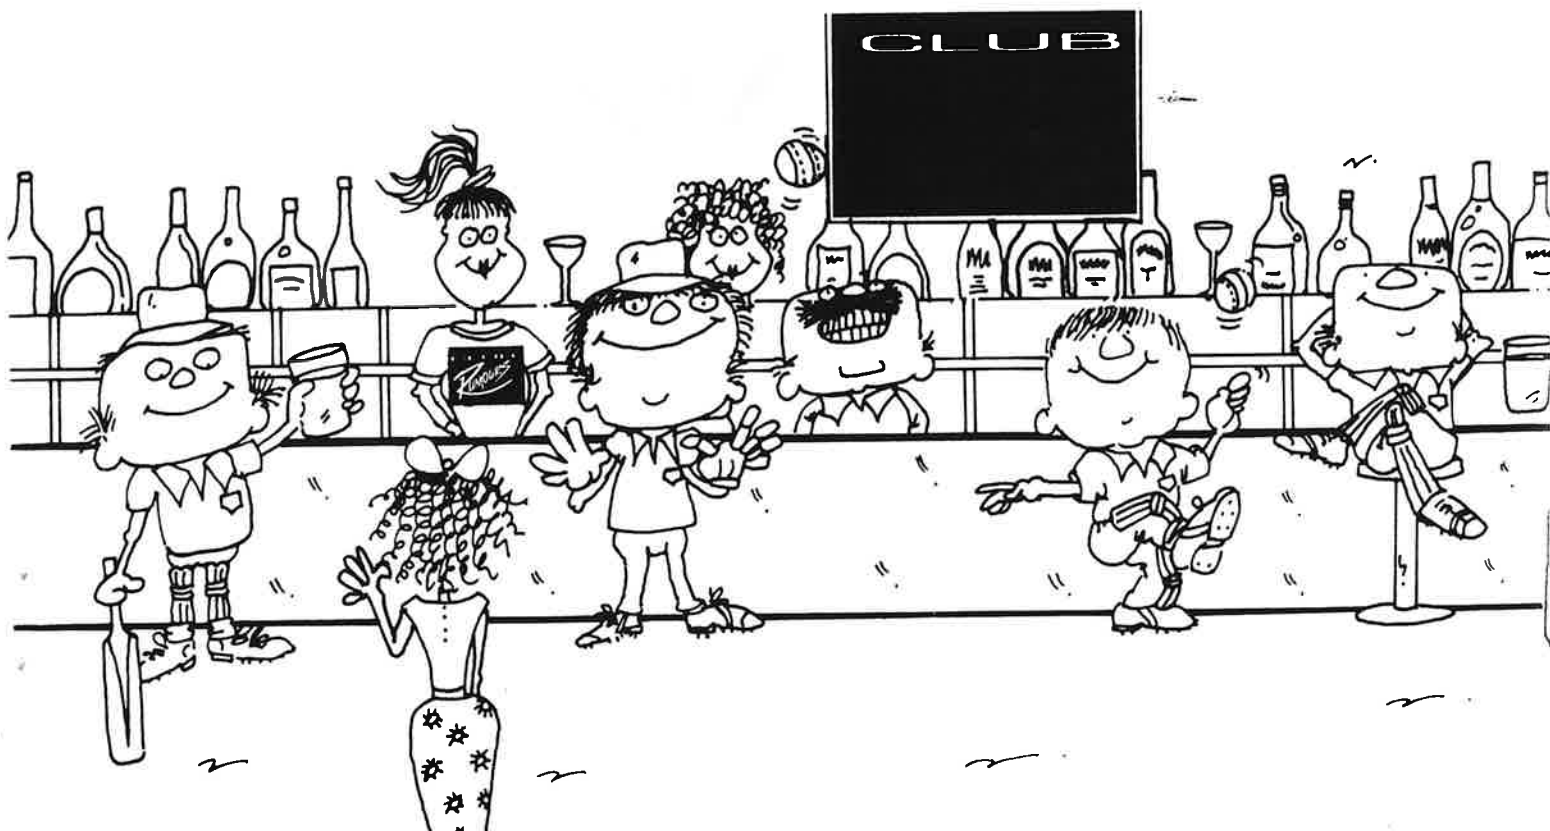

Herdsmen Hotel  
Nookanburra Hotel  
Zambezi Restaurant  
Laspezia Pizza Bar

It is important that all players support our sponsors, since they are so vital in keeping your fees down and ensuring the long time survival of the club. When supporting one of our sponsors let them know that you are involved with our club.

In closing, I wish all the sides and players a successful 1992/93 season. I hope to be celebrating with everyone the ultimate prize of a premiership victory at the end of the season.

Good luck and good cricket to all.

## LEGEND XI TEAM OF 1991/92

(1) **PJ O'NEILL**

Captain ,a natural! Has the ability to spin the ball both ways, sideways in the bar! Wants the playground at Bennett Park to be included in the outfield to accommodate his long hoppers! Forgets to include the odd player in side the from one match to the next!. Traditionally makes Scarborough's first duck every season.

(2) **"AUNTY JACK"ROBERTS**

Rather large opening batsman that dislikes playing cricket after Christmas! A dangerous drunk, if out early, on the team esky!

(3) **"WAL-SHURMER" WHEELER**

When not smoking or drinking, and can be found at noon on a Saturday, is not a bad batsman. Occasionally brings along spectators for his team mates to discuss! Like Aunty Jack, an eager starter on the team esky. Was forced to wait until he had reached double figures before being allowed to start on the team esky. Would always be out for 10 runs!

(4) **JOHN "DOG" COLLIER**

A running specialist. Can run with the best of them! Occasionally known to run out half a batting team , including his brother (This would normally lead to a "dog fight" behind the clubrooms!).

(5) **LEE "ERNIE" COLLISON**

Another opening batsman. Likes batting at practice in the dark against the quicker bowlers on the last training before the grand final! Makes a perfect 12th man! Has been 12th man for every premiership won by Scarborough!.

(6) **SHANE "ANGRY" KENSITT**

When the familiar call of "Angryyy" goes up, everyone knows it's time for his last drink for the night! Also handy in getting the club newsletters stopped!.

(7) **"SCOOBIE" CUNNINGHAM**

The club's greatest all rounder-just ask him! Occasionally forgotten when teams are selected!. Tends to spend a lot of the season overseas, and always returns looking a lot lighter(empty bags!). Refuses to play 2nd's!

(8) **MARK ROBERTS**

Occasionally plays when not plastered up as a result of his drinking escapades!.

(9) **STEVE COYLE**

Probably the best bowler in the club!. Only trouble is, that no captain has ever been game to find out!. His line of a foot outside leg stump makes him unique amongst the games better bowlers! (at least the keeper gets a rest !)

(10) **RODNEY POWELL**

Club specialist batsman( )! The club is still to witness the best of his batting! However, will be remembered as the club drunk of the year.

(11) **MARK "JUNIOR" SENIOR**

The club slowie , has shown he can mix it with the best of them. Record-4 bouts for 4 losses!. Always comes back for more!. Also one of the club's leading dancers at night clubs (Rumours Night Club!)

(12) **GRAHAM "THOMO" THOMPSON**

Finally, every side needs a twelfth man! A dead set drunk! Would only ever be allowed to be twelfth man in a side on paper!

## 1B CAPTAIN'S REPORT

The season began with the traditional opener against Perth Postals, with the traditional narrow win to the opposition. Recruit Brad O'Brien showed promise with 3/21 off 19 overs.

The next game was a one sided victory over Como followed by a fighting win against Cowan University with Andrew Billington bowling superbly to return 7/29 off 21 overs.

The fourth game saw an inexplicable loss to the unfancied Stirling chiefly attributable to poor fielding: an indicator of things to come.

With 2 wins out of 4 games the basic composition of the side was altered at the selection table with Alan Bland, Tom Nye, Craig Dewar and John McKechnie being brought into the side.

The changes reaped success with victories in 4 of the next 5 games to leave the side well placed at the Christmas break. John McNamara, Peter Rocca, Keith Kriebich and Tom Nye were all in the runs with the highlight being an unbeaten century to John McNamara against Ashfield. Craig Dewar and Andrew Billington headed a powerful bowling attack and the side were able to mask their deficiencies in the field with strong performances with bat and ball.

The second half of the season the side loss the playing services of Schofield and Brad O'Brien, arguably two of teams most talented players. This resulted in Gary Powell forcing his way into the side.

Perth Postals reinforced their superiority with another close win against us but the side was beginning to click as a unit.

The return game against Como was marred by rain which cost the side an almost certain outright but the long hours spent in the pavilion watching the rain fall brought the players closer together and moulded them into a unit to be reckoned with.

Up and coming player of the future, Mark Roberts, joined the side and enjoyed immediate success with bat and ball against Stirling. In the same game, Alan Bland returned the outstanding figures of 5/19 off 19 overs and Hayward Lewis in a cameo performance late

in the afternoon slaughtered the Stirling attack to score 62 out the first 74 runs.

Despite a 9/4 win/loss record the side entered the final game needing to win against Maylands to ensure its spot in the finals. Things looked grim at 6/51 but a fighting partnership between Gary Powell and Peter Rocca gave us 158 off 40 overs and in with a chance.

Maylands looked well placed at 3/101 but "Legend" Verity decided the time was right to make his contribution and took three quick wickets. John McKechnie chipped in to clean up the tail with 4/9 and we were in the finals.

The first semi final against Windsor was dominated by unbeaten 91 to John McNamara who steered the side to victory contributing 53 of the last 75 runs after the side was in trouble at 5/120 chasing 187.

Gary Powell and Andrew Billington also made useful contributions with the bat.

Mark Roberts bowled well in the game to take 3/42 but unfortunately his season came to a premature end due to misadventure on the Saturday night of the game.

The preliminary final against arch rival Perth Postals produced another absorbing contest with Postals been restricted to 183, chiefly due to Alan Bland 4/38 and Andrew Billington 3/65.

The side start well with an opening stand of 31 but were soon in trouble when 3 wickets fell for the addition of only 1 run. Gary Powell again showed his worth with a fine 49 and Hayward Lewis finished the opposition off with a quick fire 45.

We were in the Grand Final with the only change being the return of Craig Dewar after his eye operation.

Point Heathcote batted first and were in all sorts of trouble at 2/0 and a further chance missed. We continued to bowl, not if field, well and had them 3/31, 4/37, 5/62 and 6/89. At this stage we looked well placed with some of the competitions best batsmen sitting back in the pavilion.

To their credit Point Heathcote fought back to post 195. Dropped chances proved costly and given the great start we should have done better. Once again Andrew Billington was outstanding with 6/80 off 27 overs.

The target was always going to be difficult and the batsmen failed to meet the challenge and we were bundled out for 97.

The season must be seen as a success and poor fielding prevented the side from dominating the competition. Andrew Billington realised the potential he had shown in previous years to become the grades premier bowler.

The other bowlers consisting of Alan Bland , John McKechnie and Craig Dewar ably assisted Andrew Billington.

Once again John McNamara, Peter Rocca, Keith Kriebich and Tom Nye led the batting with Gary Powell and Hayward Lewis making timely contributions when it counted. Mark Robert showed enough to indicate that he is a player of the future.

The side deserved to play in the Grand Final and certainly had its chances to win. However given the ageing nature of the team it was difficult to see Scarborough becoming a force in 1A in the long term. Perhaps the loss affords us the opportunity to reinvigorate the team with some of the up and coming players who could provide the club with a competitive 1A in years to come.

On a final note, does any one remember the name of the big bloke with the perm who played every game, made 90 runs, took 8 wickets for the season and thought he was running the show?

## 1B GRADE 1ST SEMI FINAL

The side qualified for their second successive finals campaign after a "must win situation" in the last qualifying game.

The first semi-final saw the side meet Windsor at De Lacy Reserve.

Batting first, Windsor scored 8/187 from their allotted 75 overs, thanks largely to a sixth wicket partnership of 89 runs between Greg Connaughton(54) and David Christian(59 not out).

The bowling honours were evenly shared amongst the bowlers. Mark Roberts returned the good figures of 3/42, with good support from Alan Bland 2/26 and Andrew Billington 1/36 from 23 overs.

Requiring 188 runs for victory, Scarborough's cause was dealt a severe blow with an overnight accident to Mark Roberts leaving the side with only ten fit players.

However, veteran batsman John McNamara rose to the occasion with an unbeaten 91 runs in 71 overs to guide the side to victory.

Other significant efforts with bat, to support John McNamara, were made by Peter Rocca 16 runs, Gary "Choco" Powell 30 runs and Andrew Billington who scored 15 not out to share an unbroken sixth wicket stand of 75 runs that ensured victory.

Scarborough 5/195 (McNamara 91n.o., Rocca 16, Kreibich 11, Nye 9, Powell 30, Lewis 6, Billington 15 n.o.)

defeated

Windsor 8/187c.c.(Roberts 16-2-42-3, Billington 23-8-36-1, Mckechnie 15-1-60-1-, Verity 6-1-18-0, Bland 15-6-26-2.)

## 1B Grade - Preliminary Final

A confident Scarborough combination met Perth Postals of Middleton Park in a repeat of the 1990/91 preliminary final. This time Scarborough were determined to reverse that result, which saw Postals victors by 88 runs.

Postals won the toss and after an even batting performance reached 183. The steady bowling of Sid Bland returned best figures of 4/38, with good support coming from Andrew Billington (3/65).

Although Postals had won both their qualifying matches against Scarborough during the season, Scarborough remained confident of victory, given the lightning fast outfield.

At 4/71 the match hung in the balance, but a determined "Choco" Powell (49), Tommy Nye (27) and an aggressive Haywood Lewis (45 not out) ensured a Scarborough win by 4 wickets.

**Scarborough** 6/187 (McNamara 17, Rocca 6, Kreibich 12, Lockwood 0, Powell 49, Nye 27, Lewis 45n.o., A Billington 2n.o.) defeated **Perth Postals** 183 (A Billington 27-6-65-3, McKechnie 13-3-27-1, Verity 9-2-25-1, Bland 16.3-4-38-4, Powell 1-0-3-0, Lewis 7-1-20-0)

## 1B Grade - Grand Final

Scarborough's impressive preliminary final performance earned them the right to challenge hot favourites Point Heathcote for the premiership flag at Middleton Park.

Scarborough captain Graham Verity's decision to send the opposition in paid instant dividends as Andrew Billington gave the side a dream start with 2/0 in the first over.

Heathcote staged a mini recovery to reach 6/89, before the dogged Ian Melrose found a willing ally in Steve Hancock. The pair's sixth wicket stand of 64 brought the match back to level terms, with Heathcote finally totalling 195.

Melrose's face saving innings of 94 included 10 fours and 1 six and he was unlucky not to reach a century.

Billington turned in yet another lionhearted performance with the ball, taking 6 wickets for 80 from 27 overs. Sid Bland lent valuable support with 2/21.

Hopes of a Scarborough victory were soon dashed on day two with the loss of in-form openers Peter Rocca and John McNamara with only 20 runs on the board.

Things became progressively worse as 2/39 became 4/40 and 4/67 became 97 all out. Only Keith Kreibich (18) and "Choco" Powell (17) batted longer than 40 minutes on day two, a day that saw ten Scarborough wickets fall in just 36 overs.

## 2B CAPTAIN'S REPORT

The side did a great job during the season to enable us to play off in the grand final for the second year running.

A convincing victory in the second semi-final over Perth Postals gave the side a sense of confidence of winning the premiership this season. However, a fortnight later Postals were able to reverse the result in the grand final.

There were a number of team and individual highlights during the season that are worth reflecting on.

The game against Perth Interline, which saw us thrashing them in one of the most one sided contests in Perth Mercantile Cricket Association. The final score read Scarborough 1/299 declared to Perth Interline 47 and 54 all out.

It was in this match that Steve Lockwood and David Stoate both compiled their maiden centuries in a record breaking 2B opening partnership of 240. Steve Lockwood remained unbeaten on 139 while David Stoate scored 118.

In the game against Como, David Stoate embarked on another run feast to score a magnificent 150 not out.

The end of the season saw David Stoate head the aggregates with 505 runs at 50.50 and Steve Lockwood top the grade averages with 207 runs at 69.00.

Another consistent performer for the season was Stan Strack who scored 213 runs at 21.30 which included a career best score of 86 not out against Como. Stan also excelled in the field to hold 18 catches for the season.

The later stage of the season saw Allan "BAZZA" Barron rejoin the club after work commitments in the country. "Bazza" had an immediate impact with the bat to score 189 runs at 63.00 from just four innings.

"Bazza" will no doubt earn higher honours in the 1992/93 season.

Yours truly headed the grade bowling aggregates with 40 wickets at 12.18 to go past 450 career wickets.

Young up and coming bowler Ken Collier demonstrated considerable promise in taking 18 wickets after being promoted from the third side. Ken's efforts in the finals were especially encouraging.

An all round performance was provided by Rob "Scoobie" Cunningham during the season that resulted in him scoring 192 runs at 27.43 and taking 20 wickets. A great all rounder!

My "Captain's Choice" award this season went to Shane "Angry" Kensitt for his determined innings he played throughout the season and his dedicated approach to training was a fine example for his team mates.

Given the depth within the club, the 1992/93 season promises to be a prosperous one for the second side and the rest of the club.

## 2B Grade - Second Semi-Final

Top spot on the premiership ladder earned Scarborough the right to meet Perth Postals in the second semi-final at Coolbinia Reserve.

Postals' captain Mick Maher won the toss and batted, having seen Scarborough crumble in pursuit of relatively small targets in the side's previous encounters during the season.

Opener Maher played a determined captain's innings of 78, being last man out in a team total of 167. He would have been disappointed with his side's final tally, considering at one stage they were 4/110.

Promising new-ball bowler Ken Collier turned in a magnificent performance with 6/54, while Matt Davis and Phil O'Neill each picked up 2 wickets.

Any fears of another Scarborough batting collapse were soon put to rest by record breaking opening pair Steve Lockwood and David Stoate. Stoate (35) was the first dismissed at 73, while Lockwood continued on to a well deserved 50. Lockwood's innings ended when he was run out for 54, but by then his side was assured of victory.

Shane Kensitt, with a workman-like unbeaten 29, saw Scarborough through to a comfortable 5 wicket victory.

## 2B GRADE GRAND FINAL

A comfortable 88 runs Preliminary Final by Perth Postals over Stirling set up a replay of the 2nd semi final between our sides.

Postals captain Mick Maher won his fourth consecutive toss against our captain Phil O'Neill and elected to bat.

The side got off to a great start when Ken Collier broke through with the prize wicket of Maher at 15 but Postals were still able to recover slightly to reach 1/48.

The side maintained its balance on the game by picking up wickets steadily as a result of good bowling from Ken Collier, Matt Davis and Phil O'Neill to have Postals 8/145.

Unfortunately, Postals tail wagged with some aggressive batting to take the score to 218 all out.

The bowlers did a steady job to keep Postals at that score. Ken Collier's figures of 4/88 from 22 overs was a fine effort considering his first five overs returned 1/29.

Other bowlers to finish with impressive figures were Matt Davis 3/22 and Phil O'Neill 3/54.

Despite the good score of 218 runs set by Postals, the side remained confident of victory given the fast outfield.

A sound start was crucial for Scarborough and by the time the first wicket fell the side had reached 51. At this stage the match was evenly poised.

However, 1/51 suddenly become 3/54 and when "Bazza" Barron departed after a fighting 41 the side had slumped to 5/79.

Stan Strack then joined Rob Cunningham to add a further 26 valuable runs for the sixth wicket before his dismissal for 14.

Stan's departure signalled a mini collapse as four wickets fell for eight runs.

With the score at 9/112 Ken Collier joined the fighting Rob Cunningham to add 38 runs for the last wicket to add some respectability to the total.

"Scoobie" Cunningham ended the game with a well compiled and unbeaten 42.

### THIRD SIDE CAPTAIN'S REPORT

The 1991/92 season was a year of re-building for the third side. Although we finished in sixth position on the premiership ladder, our record of six wins, six losses and two draws indicates to some extent the level of competitiveness that we were able to achieve.

Indeed, had things gone our way, we could have won as many as nine matches. In a season where good fortune appeared to favour the opposition, we lost one match by one wicket, another by 4 runs and another match with three balls remaining.

After a slow start, when we won just one of our first four matches, we hit our straps in round 5, and were competitive in every match from then on.

Selection policy meant that only players who had trained during the week of selection, except for the wicket-keeper, could be considered. Consequently we never had a truly representative third side at any time during the season. It was no co-incidence that our form improved when this policy was laxed, to some degree, late in the year.

The one-day matches proved to be our undoing, as we won only two of seven encounters. However, in two-day matches we had the best record of all sides in the grade. In fact the only two-dayer that we lost was when Bayswater's last pair combined to add 36 runs to steal the match from us.

The side's most successful batsman over the course of the year was experienced campaigner, Rob Storey. Rob was used primarily in the role of No. 4 batsman, and it was from this position that his best performances came. He tallied 233 runs during the season to win both the run aggregate and average awards. A highlight of the summer was his brilliant innings of 95 against Manning - an innings most deserving of a century. Rob also notched a well compiled half-century against Belmont.

Rob received support in the batting department from the vastly improved No. 3 - Bruce Lawson, Allan Barron, first-year player Matt Davis, Rory Whitelaw and opener Peter Tonkin. Generally our batsmen showed plenty of grit and fighting spirit and this was no more evident than in round 13 against runners-up Maylands, when our tail-enders Doug Smith, Alberto Puado and Fred Chatfield rescued us from a disastrous 7-63 to a total of 181 all out. Against an attack that included a 1A grade opening bowler our last three wickets defied everything Maylands could throw at them for three-and-a-half-hours. Inspired by this, first-gamer Wayne Aldersea promptly blasted a 69 minute unbeaten century in the second innings of the same match. No summary of our batting would be complete without reference to David "Rambo" Romano. He was by far our most *consistent* batsman.

The bowling honours were shared by left-armer Fred Chatfield and swing-bowler Matt Davis, with 17 wickets apiece. Matt also collected the award for the best bowling average. Other bowlers to perform with distinction included Ken Collier, who thrived in the role of strike-bowler early in the season. With 12 scalps in just four matches Ken deservedly earned higher honours before the new year, where he continued to reap havoc. Veteran Gerard Wood, medium-pacer Peter "Deadly" Tonkin, Alberto Puado and Peter Pollard all impressed with the ball at various times of the year.

All-rounder Mick Billington was a worthy winner of the captain's trophy award. Although shuffled up and down the batting list, "Billy" still managed to finish fifth in the sides' run-aggregates. He, like Rob "Nadia" Storey also proved a useful change bowler and reliable fielder, particularly in the outfield. So successful was "Nadia" as a partnership-breaker, that he took a wicket in every innings that he bowled.

Looking ahead to next season I would hope that the Committee gives serious consideration to nominating our third side for the 2B grade and our second side for the 3A grade. In my opinion there is no question that the 3A grade is of a superior standard to that of the 2B grade. Players who have the ability to graduate through to the top-side next season from the thirds include Mark Roberts, Ken Collier, Matt Davis and Peter Tonkin.

Finally I would like to thank the players of the team for their support in what was a tough season - particularly the players who played most of the season in the thirds. It was pleasing that these guys continued to give their all in a side which lacked natural talent, even after it had become apparent that we could not reach the finals. It was frustrating to lose a number of close matches with a side that contained two or three fifth side players while at the same time the fourth side was able to choose a far superior combination of players. Hopefully this situation will not arise again in 1992/93.

Congratulations to "Delly" and the fourths on their historic victory on 29 March 1992 and well done to "Legend" and "P.J." on reaching their respective grand finals. These efforts go along way towards creating traditions and establishing loyalties within our club.

JOHN COLLIER

#### 4th SIDE CAPTAIN'S REPORT

To win a premiership in any grade of cricket is a significant achievement and something which everyone involved in can feel very proud off.

It is now a pleasure to reflect on the 1991/92 season as captain.

Throughout the season there were more than 30 players to play at least one game in the fourth side. Thanks goes to these players for their on field support.

Further, thanks goes to the support of the committee and to John Collier, captain of the third side, for releasing 3 very important key players after bowing out of the finals race in that grade.

I also express my appreciation to the rest of the playing club for their support, whether at training, at the bar or supporting us during our finals campaign.

Reflecting on the earlier part of the season, the team that played was vastly different to the one that represented the club in the grand final. In the opening game against Morley, the side could only manage a miserable 79 runs, which featured players such as Jim "Aunty Jack" Roberts, Dave Maddern, Peter Tonkin, Rory Whitelaw, Mike Doyle, John "Nobby" McKechnie and last years second side run machine Dave "Norm" Stoate.

The only players to play in the first and last game of the season were Chris Gray, Peter "Rooster" Pollard and myself. It was unfortunate that Lee Collison who played in the opener missed the last game of the season with a injury.

As the season progressed, regular players prior to Christmas were the likes of Peter Hall, Dave "Rambo" Romano, Peter Puado, Bruce Lawson, Peter Bourke, and Des "Boy" Heavens.

With the festive season behind us the eventual grand final team started to take shape. By this stage players like Geoff "Shurmer" Wheeler, Mark "Junior" Senior, Mark "Bero" Berich, Graham Smart and Vince "Sundries" Del Prete were becoming regular members of the side.

The side also picked up Gerard Wood , Steve Coyle and Peter Pollard back from the third side. An added bonus for the side was the inclusion of Paul "Dog" Collier who fought his way in to the side from injury, via the fifth side.

The grand final again showed Peter "Rooster" Pollard liking for big games by top scoring with a well compiled 50. Five other batsmen reached double figures but probably the partnership which gave us much needed breathing space was the 46 run, 7th wicket partnership between Rooster and Bero enabling the side to compile a total of 144 runs on a slow outfield.

Bero's effort is worthwhile noting, since he had only been added to the starting 11(after a late season knee operation) on the Friday night prior to the game.

I felt that the total was a very competitive score given the fact that the outfield was slow which was confirmed by no boundaries been scored for the whole game.

On the Sunday, Morley started their innings aggressively, but when Gerard Wood bowled their key batsman Doug Abbot around the back of his legs, I felt the game was there to be won.

At the other end, Graham Smart was bowling fast and hostile resulting in him dismissing 4 batsmen to spearhead us to victory.

In the final analysis, it was a good team effort in batting, bowling and fielding that led us to a flag.

In concluding, the even balance of the team throughout the season make it hard to highlight a lot of individual efforts.

However, Chris Gray's performances should be noted in that he scored 344 runs at an average of 28.67. For most of the first half of the season Chris was also the keeper until "Sundries" Del Prete returned back to the side. This allowed Chris to grab the ball and rolled his arm over to finish with 17 wickets.

Lee Collison's batting was also a highlight of the season for being quite spectacular. Despite missing a few games whilst playing in the 3rd side, Lee finished the season with 347 runs at 26.69. These runs were usually score at a great strike rate which certainly relieved the pressure for the rest of the batsmen to follow.

Lee "Ernie" Collison's consistency is underlined by the fact he never once reached 50.

Ernie Collison can consider himself unlucky to have his wrist broken on the last training session before the grand final and to watch from the pavilion. Never the less, his support was very valuable and I'm sure it motivated the rest of the team to play harder to achieve a victory for Lee "Ernie" Collison.

Finally, it is rare to have any spectators to a 4th grade game but a exception was Brian "Boom Boom" McMahon. I know personally that Brian enjoyed the result as much as us playing.

Once again, thank you to everyone concerned and I hope that this is the start of many permierships to come for the Scarborough Cricket Club.

#### 4A GRADE 2ND SEMI FINAL

The side encountered arch rivals Morley in the second semi final at Churchlands College in what was generally considered to be a preview of the grand final.

Morley won the toss, and elected to bat first with the aid of a quick outfield.

As a result of a tight Scarborough bowling attack Morley could only manage 130 runs off 54 overs.

The aggressive Mark Podmore proved to be a major stumbling block for Scarborough scoring 58 runs. He received notable support from the experienced trio of Matt O'Mara, Doug Abbot and Jamie Windus.

The Scarborough bowlers to do the damage were fiery Graeme Smart who claimed three early wickets, Chris Gray with 4/36 and Mark "Junior" Senior who destroyed the middle to late order with 3/15.

The Scarborough side began their run chase somewhat inauspiciously, to say the least, loosing 2/24 before Paul "Dog" Collier and Steve Coyle steadied the innings with a third wicket partnership of 33 runs before losing Steve Coyle for a hard fought 13.

A procession of batsmen followed and when Paul "Dog" Collier was out for a hard fought 24 the side had slumped to 7/74.

When the side were 8/80 a few minutes later , all appeared lost.

However, veterans Gerard Wood and Vince "Sundries" Del Prete had other ideas about the state of the game and staged an heroic fightback against the odds to take the score to 121, only 10 runs from victory.

With both players tiring, Gerard Wood was tragically run out in a mix up for a gutsy 16 runs. The partnership had added 41 runs for the ninth wicket.

Unfortunately, Vince "Sundries" Del Prete fell the following over for a gutsy 22 runs.

The side had failed to achieve it's target by ten runs.

Morley 130 (Wood 13-2-24-0, Smart 17-4-51-3, Gray 13-4-36-4,  
Senior 11-3-15-3.)

defeated

Scarborough 121 (Collison 7, Wheeler 4, P.Collier 24, Coyle 13,  
Gray 0, Smart 4, Pollard 1, Dell 8, Wood 16,  
Del Prete 22, Senior 0 n.o.)

#### 4A GRADE PRELIMINARY FINAL

The side still smarting from their 9 run loss to Morley in the second semi final, met Rivervale in the Preliminary final at Ascot Park.

Wanting blood, after their previous week's loss, Gordon Dell won the toss and sent Rivervale in to bat.

Rivervale were quickly in trouble and collapsed to be out for 84.

"Mystery" bowler Mark Senior returned career best figures of 6/35 to bamboozle the opposition. He received good support from Gerard Wood with figures of 3/28.

The bowlers were supported by good fielding, with Captain Dell leading the way as demonstrated by his great diving catch at short wide mid wicket to dismiss dangerman Eric Vandenberg.

This was the turning point of the game.

Aggressive opening batsman Lee "Ernie" Collison then set about destroying the Rivervale bowling attack by hitting a quick fire 23 runs.

Rivervale fought back to dismiss Lee for 23 runs and pick up a further two wickets for the addition of only two runs to have Scarborough 3/34.

With the Rivervale attack hungry for wickets, the side was under pressure to avoid a similar collapse like the one the previous week against Morley.

The experienced pair of Paul Collier and Chris Gray came together to add 42 crucial runs for the fourth wicket to take the score to 76 before Chris Gray was bowled for 29 valuable runs.

Paul Collier guided the side safely to victory finishing unbeaten on 19 not out in 245 painstaking minutes.

Scarborough 5/112 (Collison 23, Wheeler 9, P.Collier 19n.o.,  
Coyle 2, Gray 29, Smart 9, Pollard 13n.o.)

defeated

Rivervale 84 (Wood 20-7-28-3, Smart 7-4-7-0, Gray 6-1-12-0,  
Senior 12.4-1-35-6.)

'A lesser 'keeper would have panicked.'

## CRICKET

# Scarborough claim flag after gamble

Grand final drama started well and truly before Saturday when Scarborough "run machine" Lee Collison had his left arm broken by a Graeme Smart thunderbolt in the dying minutes of Thursday night training. This incident dispelled any doubts as to whether Mark Berich would force his way into the eleven, ironically himself suffering a frustrating battle with injury.

As it was, this was the only change to the team that had accounted for Rivervale the previous week.

Saturday, 28 March 1992, saw Scarborough meet arch rivals Morley at Ascot Park; the same venue where Scarborough's 2B side had suffered a devastating Grand Final loss twelve months earlier.

A fierce rivalry had built up between the teams during the season. Comments of Morley's motor mouth and star batsman Doug Abbot that he intended to finish his career with a Premiership only served to fuel the fire between the clubs. Going into the match the sides had met on four occasions during the season, with Morley winning twice and Scarborough once, with one match drawn.

On a fine relatively still day, Scarborough Captain Gordon Dell won the toss and elected to bat despite having to reshuffle his batting order to compensate for the loss of Collison. Dell figured that the "runs on the board" policy was the best policy for a Grand Final.

Whereas the Scarborough side contained just the one change from the previous week, Morley made four changes to their successful 2nd Semi-Final line-up. Kitchen, Sassanelli, Smith and Barrows made way for Mark Fiaschi, Paul Marinovich, Laffrey and Russocaronte.

Chris Gray, having scored a match winning 80 not out in round six against Morley as an opener, was given the job of partnering Geoff "Wal" Wheeler to the crease.

Morley Captain Matt O'Mara handed the new ball to medium fast bowlers Paul "Dick" Mac and Jason Williams, who between them had claimed seven Scarborough scalps in their last outing.

Mac, a key player in the Morley camp, had caused something of a scare among his team mates by arriving just minutes prior to the start of play. "Dick", who was under suspension from driving, had been waiting for a lift to the ground that never eventuated. Fortunately for Morley, "Dick" decided to push his luck and drove himself to the ground, using his "work licence".

Mac began from the pavilion end to Wheeler with a maiden, while Gray scored the first run of the Grand Final in the following over from Williams.

It did not take long for Mac to strike, his "all arms and legs" bowling claiming Wheeler as he cut firmly to gully where he was brilliantly caught by Marinovich. At 1/8 in the fifth over, Paul Collier joined Gray and the pair quietly took the score to 27 when Williams was replaced by medium pacer Laffrey from the southern end.

With his third delivery, Laffrey penetrated the seemingly solid defence of Gray to send him on his way, after he had looked set for a big score. Steve Coyle joined Collier and the pair took the score to 2/37 by drinks.

After the break, the rot set in as Collier (11), Coyle (13), Smart (1) and Gerard Wood (4) all fell as the total reached a shaky 6/74. Coyle's dismissal LBW to the gentle swing of Jamie Windus seemed somewhat astonishing. Coyle appeared to be struck high on the thigh pad, with the ball clearly missing leg stump.

By this time Peter Pollard was well set on 18. He found a stubborn partner in Berich. The pairs seventh wicket stand of 46 runs being priceless to the team's cause. Pollard went on to a magnificent 50. An outstanding contribution given the circumstances. "Rooster's" innings included 32 scoring shots many from full blooded on-drives that registered only one's or two's on the painfully slow outfield.

Berich defiantly battled on to 15, with Dell, Vince Del Prete and Mark Senior all contributing in the later stages of the innings. Morley had now been set a victory target of 145 - no easy feat on such a large, slow ground.

The Morley bowlers shared the wickets in an innings that lasted 74.3 overs.

Day two saw Morley opener Abbot immediately make his intentions clear. He unleashed a series of attacking strokes as the "Dougie Show" took centre stage, and the score raced to 35. He was particularly severe on Wood - but Wood soon had revenge when he deceived him with a superb delivery to send Abbot's stumps crashing. Morley 1/35 from just ten overs.

An aggressive Smart quickly disposed of No. 3 Russocaronte (3), caught by Pollard before capturing the crucial wicket of young opener Fiaschi LBW for 21, to leave Morley at 3/61.

When Senior caught Marinovich off Wood at forward square leg, Morley had slumped to 4/67 to give Scarborough a sniff of victory.

A key factor at this stage of the match was the run rate. After a flying start, the Morley run rate had slowed to a trickle against a tight Scarborough attack and incredibly, no boundaries had yet been struck in the match.

Senior, growing in stature as a bowler week by week, was introduced into the attack from the southern end and he did not let his captain down - his first five overs costing just three runs.

With the tea break imminent and Morley still in control at 4/83, three telling blows were struck by Scarborough.

Firstly, Gray captured the prized wicket of Morley's 2nd Semi-Final hero Mark Podmore, caught behind by Del Prete, for one.

A frustrated Windus, then tried to hit Senior out of the ground and succeeded only in skying him towards cover where Senior held onto a well judged caught and bowled. Windus out for a duck; Morley 6/88.

However, the real turning point in the match came when left-hander Warren Husking, looking comfortable on 28, attempted a second run on the arm of Senior fielding at deep square leg, only to be convincingly run out by the keeper Del Prete.

Tea was taken with Morley 7/101 and O'Mara and Williams at the crease. It was around this time that the victorious 3A Morley side arrived, and their chants of "C'mon Morley" only seemed to put more pressure on their team mates, while making Scarborough even more determined.

Immediately after the resumption of play, O'Mara decided to take the bowling by the scruff of the neck, but he went caught and bowled by a fiery Smart from an attempted pull - Morley 8/102 with only 15 overs remaining.

The topsy turvey match continued to fluctuate as the ninth wicket pair of Williams and Mac put together a determined and worrying partnership of 23 before "the grossly underbowled" Gray struck with his first ball of a new spell, having replaced Wood from the pavilion end.

At 9/125, Morley needed 19 runs to win from 29 balls. With an umbrella field set, the batsmen were tempted to hit over the top of the in-field, in order to score the necessary runs. This proved their undoing as last man Laffrey's cross batted slash was well caught by Collier low down to his right at mid-off from the bowling of Smart. This gave Scarborough a 16 run victory, and their first flag as an amalgamated club.

Smart took the bowling honours with 4/41 from 25.5 hostile overs, while Gray (2/26), Wood (2/48) and Senior (1/8 from nine overs) all played vital roles.

As "Rooster" so aptly put it as the Premiers left the field "How does it feel now Dougie?"

#### AN UNBELIEVABLE COINCIDENCE

When Paul Collier played in the 1991/92 Premiership side he was playing in his 43rd game for Scarborough. He was dismissed when the team total was 43, and he held the winning catch.

When his twin brother John played in Lake Monger's 1986/1987 Premiership side, he was playing in his 43rd game for Lake Monger. John was also dismissed when the team total was 43, and he also took the winning catch.

Further, Gordon Dell was captain of both these Premiership sides.

\* \* \* Unbelievable! \* \* \*

### 3B CAPTAIN'S REPORT

The 1991/92 season witnessed a marked improvement by the side on their 1990/91 season.

A forfeit against Floreat Athena in round five in many respects probably cost the side a finals berth.

The side was competitive throughout the season given that in the 13 games the side played in, we achieved five first innings wins, including a thrilling five run win over the eventual premiers Floreat Athena. In this same game Steve Coyle starred with the bat to score a MAGNIFICENT 84.

The season provided some outstanding individual performances.

The first was Rory Whitelaw who enjoyed a consistent season with the bat scoring 203 runs at 25.38, which included scores of 41 and 42. Another feature of the season was Rory's wicketkeeping where he claimed 14 dismissals.

Rory's efforts in winning the sides batting aggregate and average is meritorious, since he played a number of games in the higher grades.

In the bowling department, yours truly led the way with 15 wickets followed by Dave Maddern with 13 wickets.

Late in the season Peter Humphries was a welcomed addition to the attack where he performed consistently to earn promotion to the higher grades by the end of the season.

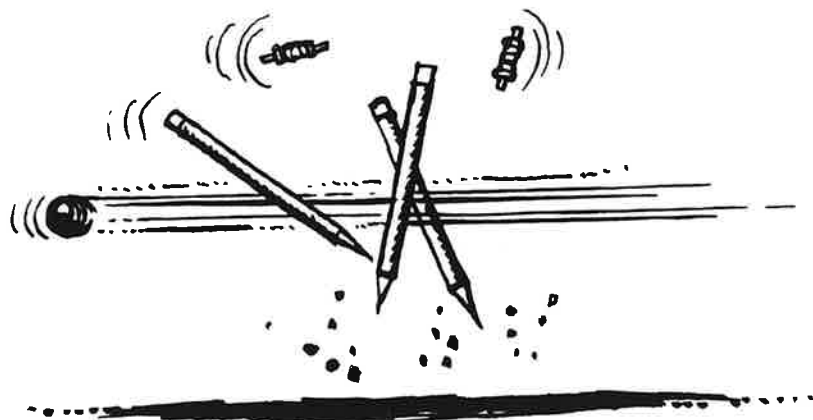

It is with some sadness to hear that the club will not be nominating the fifth side in next year's competition.

However, this should see plenty of competition for places in all grades next season.
